

MUOT POLICIES
IMPORTANT TO INVESTIGATORS

A number of MUOT policies are especially important to individuals conducting MUOT-related research, whether or not an external sponsor is involved. Every investigator should be familiar with those policies which address relevant aspects of the project(s) involved. All of these policies may be found in the *MUOT Policies and Procedures Manual* or the *MUOT Safety Manual*. Policies of particular importance to research include, but are not limited to, the following:
